- Outstanding Export Sales
(Unshipped Balances)
on SEPTEMBER 4, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
SEPTEMBER 5 - 11, 1977
--As Reported by Exporters

NOTICE TO USERS: The new marketing year for soybeans began September 1. Outstanding soybean sales scheduled for 1976-77 export; against which deliveries were not made by August 31, were carried forward by reporting exporters and are included with other sales for delivery in the 1977-78 marketing year. Special tables showing summary data for the 1976-77 marketing year are published at the end of this report.

EXPORT SALES REPORT

Comments on release of September 15, 1977 (based on reports from exporters for the week ending September 4 unless otherwise noted).

Wheat: Sales activity was rather modest, with Korea (under PL-480) and Japan the only significant buyers. Sales to unknown destinations registered a sizeable increase even though several contract adjustments (foreign purchases/cancellations) and destination changes reduced the net increase. Sales to Egypt, Algeria and Spain increased due to changes in destination. Sales reported under the daily system included 50,802 metric tons (MT) for the current marketing year (MY) and the same quantity for MY 1978/79, both to unspecified destinations. Export clearances continued at a moderate pace (532,400 MT).

Corn: New sales for the current MY were extremely light, with Spain, Mexico and the European Community the only notable buyers. Sales to unknown destinations were reduced significantly as final destinations were assigned, principally the Netherlands, West Germany and Taiwan. Sales activity for MY 1978/79 (686,600 MT) accelerated as numerous European countries, Japan, Korea, Mexico and unknown destinations added to prior purchases. Exports continued fairly heavy (762,500 MT).

Barley: The export market was fairly active. Korea added 50,400 MT to earlier purchases, bringing their total for the MY to over 400,000 MT. Sales to unknown destinations fell as contracts were adjusted and 15,200 MT were transferred to Tunisia and shipped. Optional origin sales to Algeria decreased as 30,000 MT was shipped from the U.S. The pace of exports picked up after two slack weeks.

Sorghum: The market was quiet with a small sale to Colombia and the first sale of the 1976/77 MY reported to Switzerland. In addition, optional origin sales of 29,500 MT to Japan were designated as U.S. and shipped. The only sales for the next MY were 78,600 MT of optional origin sales to Japan.

Rice: Sales were the heaviest in a number of weeks as commercial interest continued to strengthen. Italy led the list of customers (19,000 MT) followed by Canada (12,400 MT). Sales to unknown destinations dropped to zero as 2,000 MT were cancelled and 7,300 MT were shifted to Iraq and shipped.

Soybeans: Reported MY 1976/77 exports totalled 16.3 million MT. Japan (3.8 million MT) remained the single largest market, but the EC collectively was the largest customer receiving 7.2 million MT. New sales for 1977/78 of 281,500 MT went principally to the EC, other Western Europe and unknown destinations. When these sales are added to MY 1976/77 carryover sales of 605,800 MT sales for the new MY swelled by 887,300 MT. Optional origin sales of 100,000 MT to the PRC were carried forward into 1977/78 making their total 290,000 MT. Weekly exports of 56,400 MT were to Indonesia and Taiwan.

Soybean Cake and Meal: Sales activity was moderately heavy as buyers added to both 1976/77 and 1977/78 purchases. Sales for the old MY were principally to the EC and unknown destinations. Sales for the new MY (starting October 1) were mainly to the Netherlands and unknown destinations. Exports were heavy with the EC and Venezuela the principal destinations.

Cotton: Sales activity improved as moderate quantities were added to MY 1977/78 sales, principally by Canada, Korea, Taiwan and several Western European countries. No business was reported for MY 1978/79. Exports were slow again with only 33,000 RB being lifted, 73 percent going to Asia.

Oats and Soybean Oil: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS BY REPORTING CATEGORY

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which would result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account. 5/ Includes 605.8 thous. MT carryover from 76/77 MY.
